Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The claims are replete with indefinite language too numerous to mention specifically, and should be revised carefully. For example only, the phrases “to sleeve on” in claims 1 (two places) and 5 (two places) and “for sleeving on” in claim 8 and those phrases in the specification is confusion and indefinite because it has no clear meaning. The phrases “two said connecting parts”, “said covering part”, “said covering part” in claim 1, “said sleeving and covering part”, “said covering part” and “said holding part” in claim 3, “said positioning part”, “the holding part” and “said sleeving and covering part” in claim 4, “said covering part”(two places) and “said sleeving and covering part” in claim 5, “said position parts” and “two said connecting parts” in claim 6, “said covering part” and “said holding part” in claim 9 and “the holding part” in claim 10 lack proper antecedent basis. The applicant is required to make corrections to the claims wherever appropriate in order to clarify same. If applicant continues to prosecute the application, revision of the specification and claims to present the application in proper form is required. While an application can be amended to make it clearly understandable, no subject matter can be added that was not disclosed in the application as originally filed.

Art Unit: 3728

Allowable Subject Matter

3. Claims 1-10 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.
